ONE COPY—TWO CENTS.

## SCHOOL BOARD AT MEETING PLANS FOR SCHOOL OPENING

Sanitary Committee to Investigate the Water Situation — Teacher Vacancies Are Filled For the Year.

The City Board of Education held its regular monthly meeting at the High School building Tuesday evening to arrange for the opening of the city schools on next Tuesday and to attend the usual business coming before that body each month.

Four new teachers were elected by the board to fill vacancies in the teaching force. Miss Carrie Goodwin, a graduate of the Maysville High School, was elected to teach the third grade and Miss Addie Hord Arnold, also a graduate of the Maysville High School, was elected to teach the seventh grade. Two colored teachers were also elected. Miss Tina Isabel Ashe, of Cincinnati, a graduate of the Sabina, Ohio, High School and Wilberforce College, and Mrs. M. J. Patton, were the two colored teachers elected.

The matter of furnishing the students of the public schools with pure water was discussed at length and finally left to the Sanitation committee for further investigation. It is more than likely that filters will be installed in the school buildings to protect the children from impure water while attending school.

Prof. W. P. King, of Newport, who is instructor at the County Teachers' Institute, attended the meeting and addressed the board on Visual Education. He presented a system of teaching the child through the eye by means of pictures that is growing rapidly in favor throughout the nation. No action was taken in the matter of adopting the system for the Maysville schools.

## BASEBALL SUNDAY, SEPTEMBER 5, AT LEAGUE PARK.

The R. J. R. Specials will play the Covington Tigers Sunday at League Park. The Tigers have a fast team, having won 22 games and lost six this season. They have beaten some of the fastest teams around Cincinnati and are expecting to take the R. J. R. out of the Specials; but in return the Specials are playing a good game as they defeated the Owensville Giants Sunday by the score of 8 to 3, and have a season average of .800. The Tigers are bringing 300 rooters with them. Game called at 1:30.

## APPEAL IS MADE FOR CARLISLE FLOOD SUFFERERS

Donations To Be Made Throughout the State for Relief of Flood Victims at Carlisle.

Carlisle, Ky., Sept. 1. — A meeting of citizens of this city, under the auspices of the Nicholas County Red Cross Chapter, was held at the Masonic Temple here, at which a committee was appointed to solicit funds for the relief of those who suffered losses as a result of the flood here Friday night. At the meeting an appeal for funds was made and funds received from any place will be greatly appreciated. About \$1,500 was raised. Dave Jackson, Grand secretary of the Masonic Grand Lodge of Kentucky, Louisville, was one of the contributors.

The situation in the section of the city along Brushy Fork Creek presents a very distressing sight. The water was many feet deep in seventy-five dwelling houses, and as a result furniture, clothing, foodstuffs, beds and bedding are practically ruined. Numbers of families lost practically all they had.

Contributions will be received by W. F. Tume, secretary for the Red Cross.

## ILL IN LEXINGTON HOSPITAL.

Chief of Police Harry A. Ort received a letter this morning from Robert Jackson of Lexington asking that Jane and "Web" Jackson, of this city, be advised that their brother, Dan Jackson, is now at the point of death at St. Joseph's hospital in Lexington. Chief Ort could not locate the people and asks that they be advised of this information through the press.

## PROPOSED LABOR DAY CELEBRATION FALLS THROUGH.

The proposed celebration for Labor Day here on next Monday seems to have fallen through because of a lack of interest on the part of local labor organizations. At a meeting called for last night to discuss plans all of the unions were invited and none were represented but the bricklayers and the painters. No action was taken and the Chamber of Commerce has dropped the matter.

## NOTICE.

Regular meeting Friday, September 3rd, 7:30 p. m. American Legion headquarters Sutton street.

H. W. COLE, Vice Commander. (Official) H. E. POGUE, Adjutant.

Mr. and Mrs. G. W. Backett, of Forest avenue, are visiting their daughter, Mrs. B. M. Watson, of Minerva.

## MAYOR RUSSELL ISSUES PROCLAMATION FOR LABOR DAY

Mayor Calls on All Citizens to Celebrate Next Monday As a Labor Day Holiday — Everyone to Observe It.

Although proposed plans for a big Labor Day celebration here on next Monday has been dropped because of a lack of interest on the part of local labor organizations, the day will be generally observed as a holiday. Practically all industry will stop where union labor is being employed and many of the business houses will close for the afternoon at least.

In accordance with the usage in former years, Mayor T. M. Russell today issued a Labor Day Proclamation asking all citizens to observe the day as a holiday. His proclamation follows:

To the People of Maysville: "Maysville has always been a laboring community but within the past two years the labor of Maysville has been coming into its own through organization by means of which the laboring men have been able to better their own conditions and at the same time render better and more satisfactory service to their employers.

"Maysville is now blessed with several strong labor organizations, all of which are doing their part in helping to improve the city in every possible manner. They have been great benefactors and never yet has there been the least friction, so cordial are the relations between capital and labor in Maysville.

"Monday, September 6th, has been set apart by Hon. Woodrow Wilson, President of our great nation, and Hon. Edwin P. Morrow, Chief Executive of our grand old Commonwealth, as Labor's own day.

"Therefore, I, Thomas M. Russell, Mayor of the City of Maysville, Kentucky, call upon all Maysvillians to celebrate Monday, September 6th, 1920, as a holiday to Labor and in honor of the honest and stalwart laboring men of our city, state and nation.

"Witness my hand and the seal of the City of Maysville, Kentucky, this September 1st, 1920.

THOMAS M. RUSSELL, Mayor. City of Maysville, Ky. R. B. ADAIR, City Clerk.

## ELOPEMENT.

Miss Patti Bramble, of this city, and Mr. Lee Binder, of Louisville, surprised their many friends by eloping to West Union, Ohio, yesterday afternoon and were married.

Miss Bramble is the attractive daughter of Mr. and Mrs. Lee Bramble of the East End, and has many friends in this city.

Mr. Binder is the son of Mr. and Mrs. Theodore Binder, of Louisville, and a very worthy young man. He is certainly to be congratulated on winning such a sweet girl as his life partner. They will be at home on Brownboro Road, Louisville. May they live many years of happy wedded life.

## OUR GUARANTEE.

If you are not thoroughly convinced that Magnolia Flour has produced the best bread you ever baked, after you have used an entire sack of it, return the empty sack to the dealer, leave your name with him, and the purchase price will be refunded and charged to us.

SOME GUARANTEE: We know what this flour will do, and we are anxious for you to try it out. If your dealer cannot supply you, we can.

Magnolia High Patent Flour, once known, never forgotten. 1-3t MAGNOLIA FLOUR MILLS.

## SAILORS TO BE TAKEN TO CINCINNATI.

Chief of Police Ort has been advised by Naval authorities at Hampton Roads to deliver the two sailors captured here Monday to the Navy officers at Cincinnati. They will be taken to Cincinnati tomorrow by Chief Ort. Both of the men were absent from their ship without leave.

## ODD FELLOWS ELECT LODGE REPRESENTATIVES.

At the regular weekly meeting of DeKalb Lodge No. 12, I. O. O. F., held last night H. L. Walsh, W. R. Smith, Dr. J. A. Dodson and Frank S. Tolle were elected representatives to the annual meeting of the Kentucky Grand Lodge which will meet in November at Lexington.

## HOOK RETURNED TO REFORM SCHOOL.

Teddy Hook, who was arrested here Saturday, was returned to the State School of Reform yesterday afternoon by an attendant of that institution. Hook escaped from the school about a year ago and has a term of 3 years longer to serve.

## TANGLE THINGS UP DOWN IN TENNESSEE

Action of Tennessee House Causes Quite a Tangle in the Affairs of Suffrage.

Nashville, Tenn., August 31. — The Tennessee House of Representatives, with a quorum present for the first time since August 20, expunged from its journal today all record of ratification of the Federal suffrage amendment, and voted 47 to 24, with 20 not voting, to nonconcur in the action of the Senate in ratifying the amendment.

Governor A. H. Roberts, upon being notified of the House's action, declined to make any statement other than to say that the situation could be dealt with only in a legal manner and was in the hands of Attorney-General Frank H. Thompson, who in a letter read in the House, expressed the opinion that reconsideration of the resolution of ratification was impossible, since the House already had adopted it and Governor Robert had certified to Baldwin Colby, Secretary of State, this action by both House and Senate.

State officials and many members of the Legislature expressed the belief tonight that legality or illegality of Tennessee's ratification would be decided upon the record certified to Washington by Governor Roberts and not on the action taken by the House today.

## MAYSVILLE BOY SIGNS WITH RIPLEY TEAM.

George Peterson, a well known local ball player who has taken care of left field for the regulars all season has been given a chance to show his ability with the first semi-pro of Ripley, Ohio. "Pete" was called down the river for his first tryout last Sunday and gave a good account of himself. In three times up securing a pass and delivering a double. After the game he was offered a contract and signed, which now makes four local boys to hold regular positions on the Ripley Team.

## STILL CAPTURED IN FLEMING COUNTY.

The Fleming Gazette says: "Officers here about 10 o'clock this morning for a point near Ringo's, where it is said a moonshine still has been located. Arrests will probably be made, but we go to press too soon to get the results. Later: A still was captured about a half mile from Hillsboro on Ringo's pike, but no arrests made at press hour. The still was on land belonging to Jay Sexton.

## WASHOUT HELPS EAST END COAL PILES.

It's an ill wind that blows nobody good. The washout at the C. & O. viaduct has proven worth while to many persons living in the East End of the city who have been laying in their winter coal as freight trains heavily loaded with coal laid along the track.

## HARRY CAREY AND MARY CHARLESTON COMING.

At the Pastime tomorrow Harry Carey and Mary Charleston will be seen in "Human Stuff" a sensational story of the wild west, taken on Harry Carey's own ranch in California. It's a thriller from start to finish.

## COMMITTEE PLANS TO RECEIVE MOTORISTS.

The local committee recently named to arrange for the reception of the Motor Truck tourists expected here Thursday afternoon is now planning to receive the tourists royally in behalf of Maysville.

## FOR SALE

An extra strong, medium size office safe. Apply at Ledger office. If

## MERCHANTS PLEASED TO CONTRIBUTE TO FAMOUS BOYS BAND

Committee Meeting With Much Success in Its Canvass Today to Finance the Organization for the Ensuing Year.

Members of the managing committee of the Maysville Boys' Band, who today are calling on the merchants and citizens of the city asking for subscriptions to finance the band for another year, report this afternoon that they are meeting with much success. They are finding that the local business and professional men are anxious to make some contribution to such a worthy organization in which they are enabled to see so plainly and so quickly the good use of their money.

Manager J. Harbour Russell says that it will take approximately five thousand dollars to finance the band properly for the next year and he believes that he will be enabled to raise practically all of that sum before the close of today. The inability to see some local people who it is certain will contribute liberally to the band, may hold the fund open for a few days but practically all of the money will be raised by the committee today.

Maysville people have not spent their money for a better cause in years so far as worth to the community is concerned. We are not only enabled to enjoy fine music and to give our children a musical education free but the city of Maysville is getting more worth while advertising from the Boys' Band than from anything since the days of league baseball.

At last night's meeting of the Board of Education, the band boys were given privilege to play at the West Union Fair during the middle of September and they were also given permission to play at the Knights Templar Conclave to be held in Cincinnati during September.

## AIRSHIPS WANT TO COME TO MAYSVILLE.

Mayor Russell is in receipt of a letter from the Pan American Aeroplane Exchange in which they state they are sending out a fleet of "ships" to make flights in nearby cities carrying passengers at the rate of \$15 for 15 minutes. The Exchange wants to send their ships to Maysville but what action will be taken is not known at this time.

The September meeting of the Missionary Society of Christian church will be held this evening at the church at 7:30 o'clock.

## LOCAL COMMITTEE WILL RECEIVE TRUCK TOURISTS

Boys' Band Will Likely Play Concert for Visiting Automobile Enthusiasts On Thursday Evening.

Mayor Thomas M. Russell, County Judge H. P. Purnell and Secretary George Kirk, of the Chamber of Commerce, are today planning to receive the automobile truck tourists who are expected to arrive here late Thursday afternoon to spend the night here.

This caravan of 25 large trucks left Cincinnati Monday and will make a tour of this section of the state in an effort to interest farmers in using trucks more extensively on the farm. They will have 25 of the standard makes of machines and demonstrate their value to the farmer.

Besides the trucks and demonstrators, there will be in the party several entertainers, a jazz band and good speakers and a meeting is being arranged near the court house for Thursday evening. The Boys' Band has been asked to play a concert at the band stand for the benefit of the visitors.

## FINED HEAVILY THOUGH NOT IN COURT.

In Police Court this afternoon Judge Whitaker fined William Lucas \$50 and costs on a charge of a breach of the peace. Lucas could not be found by the police, it being reported that he had gone to Chicago. Gladys Halfhill, of Lee street, testified that Lucas created a disturbance at her home a few days ago when he came uninvited and refused to leave when ordered to do so.

## ISAAC LEVI DIES.

Mr. Isaac Levi, formerly of Portsmouth, Ohio, and well known here, died at his home in Avondale, Cincinnati, Tuesday. He was 63 years of age and had been ill for quite a while. Mr. Levi's wife was Miss Carrie Davis, formerly of this city. Burial will be made at Portsmouth Wednesday.

## MAJOR WALSH RE-ELECTED CITY TRUANT OFFICER.

At the meeting of the City Board of Education held Tuesday evening Major John Walsh was unanimously re-elected Truant Officer of the City Schools for the next school year. Major Walsh has proven very successful in this work and has had very little serious trouble since he became the local officer.

All union barber shops will close at noon Monday—Labor Day. 1Sep3t

Ledger Service—Efficiency.

## A HEFTY TRINITY.

Washington, Aug. 30.—Commenting on a recent bromide, the Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., issues the following statement.

"Speaking a few days ago at Fargo, North Dakota, candidate Franklin D. Roosevelt sought to create prejudice against Mr. Harding by asserting that the nomination of the latter had been brought about through the assistance of Penrose, Lodge, Root, and other men of the same type. Well, if true, what of it?

"Mr. Penrose has been in public life in his state for 35 years, having been elected to the State House of Representatives, the State Senate and the United States Senate by the people who know him best. He has been the center of as bitter political fights as ever have been witnessed in any state. In 1914, when he was last elected, his party was divided by the nomination of a Progressive ticket, with the most popular Progressive as the nominee against him. Nevertheless, Penrose won by a plurality of practically 250,000 and had practically as many votes as both of his opponents combined. The Democratic candidate was A. Mitchell Palmer, who had the Wilson administration support, and the Progressive candidate was Gifford Pinchot, who had the energetic assistance of men long experienced in politics. The opposing candidates and their supporters had both the opportunity and the ability to detect any irregularity in the election. It is not only financially but a physical impossibility to secure a plurality of 250,000 votes by improper methods. The fact is that no one has even questioned the absolute honesty of the Penrose election.

"Mr. Lodge has been in public life for 40 years, serving in the State legislature, the United States House of Representatives and the United States Senate. After he had served the people of his state for 37 years, he was reelected to the United States Senate by a plurality of 33,000 over Fitzgerald, one of the cleverest politicians in the Democratic party. In the same year Hughes carried Massachusetts by 20,000. After 37 years of intimate knowledge of his life and work the people of his state voted their 'well done, good and faithful servant.' Lodge was for years a close personal friend and confidant of the late Colonel Roosevelt.

"Mr. Root has been in public life for 37 years holding legal and legislative positions in state and nation too numerous to itemize. He retired from the Senate of his own volition. He was Secretary of War in the McKinley cabinet and Secretary of State in the Roosevelt cabinet; members of numerous international tribunals and recipient of national and international honors unsurpassed.

"These three men, Penrose, Lodge and Root have been lifelong members of the Republican party and there has never been a word of criticism of their absolute fidelity. They have been repeatedly honored with seats in National conventions by virtue of authority from their constituents. Penrose and Lodge were duly elected delegates to the recent convention but Root was not, as he was abroad. As a matter of fact, these three men did not determine the nomination of Harding, but, if they had, what of it? Is there any question of their patriotism, any question of their soundness of judgment, any question of their loyalty to the party, any question of their right to participate fully in any convention to which they are elected?

## A Toast: "Wilson—That's All"

Grant B. Hamilton of "Judge."

"Whenever the Democratic campaign managers can produce in behalf of Murphy, Taggart, Brennan and Nugent public record such as that made by Penrose, Lodge and Root, it will be ample time for them to try to create prejudice against a Republican nominee because of his support in the convention. The Republican party is proud of Penrose, Lodge and Root and their service for the American nation. If they were supporters of Harding, the party is also proud of that, and has no apologies to offer. If Mr. Cox had the support of men of similar high attainments, his chances of election would be infinitely better."

## TODAY'S EVENTS

## OYSTERS R IN SEASON

Fiftieth anniversary of the beginning of the battle of Sedan.

Thirty-five years ago today saw the opening of the first electric railway in America—from Baltimore to Hampden, Md.

Republican leaders of the Middle Western states are to confer with Chairman Hays at Chicago today on matters connected with the campaign.

The St. Lawrence League, the largest of Norwegian-American societies, is to open its annual convention and reunion today at Marshalltown, Iowa.

Dr. Leo S. Rowe today will assume his duties as Director General of the Pan-American Union in succession to John Barrett, who recently resigned.

Jay H. Neff Hall, the new home of the School of Journalism of the University of Missouri is to be dedicated today with an address by Dr. Tateott Williams of New York.

The annual meeting of the Canadian Bar Association, opening at Ottawa today, will be featured with addresses by Viscount Cave, William H. Taft, Sir Auckland Geddes, and other men of note.

The charge that a large combination has been formed for the purpose of breaking the cotton market will receive the attention of the American Cotton Association at its semi-annual meeting opening at Montgomery today.

## CONVENTIONS OPENING TODAY.

Charleston, W. Va. — West Virginia Natural Gas Association.

Saratoga, N. Y. — Technical Association of the Pulp and Paper Industry.

Northfield, Minn. — Minnesota Federation of Women's Clubs.

Lansing, Mich. — Michigan Good Roads Association.

Boulder, Colo. — Colorado Department of the American Legion.

## ONE YEAR AGO TODAY.

Gen. Pershing sailed from Brest for the United States.

Secretary Daniels reviewed the Pacific Fleet at San Francisco.

Police destroyed red flags and emblems at Socialist convention in Chicago.

Plans by which organized farmers will put into operation a gigantic price-fixing monopoly for wheat and which would have an influence in extending such a program to producers of all other food commodities will be considered by the National Board of Farm Organizations at a meeting to be opened today at Columbus, Ohio.

Frank Munsey, now one of America's foremost newspaper and magazine publishers, tried his luck as porter, telegraph operator, and grocery clerk before adopting journalism.

RIVER NEGLECT CITED  
AS CAUSE OF TRANSPORTATION TIE-UP

Monongahela Is an Example of What the Development of Waterways Would Mean.

Washington. — Indifference on the part of the federal government, likewise the business interests of the country, to development of the nation's waterways is one of the chief causes for present paralysis of transportation facilities of the United States.

Officials who have given serious thought to utilization of rivers insist that if they were functioning as they should be there would be no embargo on freight no accumulation of crops on farms in west and southwest, no frozen credits, and no inability to obtain cars to move essential products. They are urging a wake-up policy which, if adopted, would hasten improvement of the Ohio River, with consequent profit to Cincinnati.

The fact that tremendous industries around Pittsburgh are not tied up for lack of coal is cited as proof of the value of improved waterways. There the Monongahela River is being utilized.

During the war this stream kept the vast steel plants around Pittsburgh going. Had it not been for the Monongahela River making possible movement of great barges of coal the supply of steel and munitions for America

and the allies would have been cut materially. There are waterways enthusiasts who claim the Monongahela won the war, and chief among them is S. A. Thompson Secretary of the National Rivers and Harbors Congress.

Year in and year out Thompson has been preaching to congressional committees the need of developing waterways, but inland politicians and interests, not concerned with rivers and harbors have cried "pork."

The result is that waterways improvement has become a sort of joke. Thompson says 21,000,000 tons of traffic will be handled on the Monongahela River this year. Since 1845 a total of 350,000,000 tons have been handled on this stream. The total sum the government has spent for its improvement and maintenance has been \$8,620,000, or only 3.29 cents for each ton of traffic.

"If the Mississippi and the Ohio, the Missouri and many of our other rivers were giving such accounts of themselves," he said, "there would be no such thing as freight embargoes and the nation would not be facing a coal shortage."

"Time was when the Mississippi and the Ohio hauled millions of tons of coal annually, and no more."

"Aside from this, if the rivers were being utilized there would be no occasion for such high freight rates."

## IN THE DAY'S NEWS.

Cyrus E. Dallin, who has been selected to design the Pilgrimage half dollar, is one of the most distinctive national sculptors that the United States has produced. The more conventional of the output of his art is to be found in his figures in the Library of Congress and in his designs for soldiers' monuments at Syracuse, N. Y., and Hanover, Pa. His most enduring and strikingly individual contribution to his people's art will prove to be statues like "The Medicine Man," in Fairmount Park, Philadelphia; "The Appeal to the Great Spirit," in Boston, and "The Indian Hunter," in Arlington, Mass. Mr. Dallin was born and grew up in Utah. He pursued his art studies in Paris and now makes his home in Boston.

The first policewoman in America is now a deputy sheriff in Maine.

## OUR VAULT

We cordially invite the public to inspect our fortress-like vault. You will be greatly interested in seeing the massive construction, the ingenious and failless locks of the great round door, the individual safe deposit boxes and all the arrangements for the comfort and convenience of users. This vault is of the most modern type and construction. It is lined throughout with the strongest and hardest drill proof steel. When closed it is air and water tight and fire and burglar proof. A box in this vault is the best place for you to keep securely valuable papers, jewels and other things of that nature.

Besides the perfect construction of this great vault, we have installed as an additional protection for the valuable of the public, a modern burglar alarm system which is automatically set off and will notify the city police at any hour of the day or night.

This vault is in reality a "communally strong-box." The co-operation of a large number of private box-users make possible the high degree of protection afforded by this great vault which can only be obtained in this way. For a merely nominal sum—in fact, less than one cent a day—you can have the use of security which costs a large sum to provide.

Visit our vault. We will be glad to show it to you whether you have any immediate use for a box or not. Come any way and see what a lot of security you can get for \$3.00 a year.

## A THOROUGH TEST

One To Convince the Most Skeptical Maysville Reader.

The test of time is the test that counts. Dean's Kidney Pills have made their reputation by effective action. The following case is typical. Maysville residents should be convinced.

The testimony is confirmed—the proof complete. Testimony like this cannot be ignored. Mrs. John Burns, W. Second St., Maysville, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since."

NO TROUBLE SINCE Nearly thirteen years later, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today as ever. I haven't needed a kidney medicine since I took them." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## TODAY'S ANNIVERSARIES.

- 1557—Jacques Cartier died at St. Malo, France.

Streets.PHONE 250, NIGHT PHONE 19  
MAYSVILLE, KY.COX STANDS FOR  
GOVERNMENT OWNERSHIP.

Washington, Aug. 31. — That Government ownership of public utilities has Cox's sanction is asserted by the Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., in the following statement issued today:

"Let the Government do it" is not one of the policies of Warren G. Harding, the Republican nominee for the presidency. In that respect he differs from the gentlemen who have been in control of the Democratic party.

"In his speech of acceptance Senator Harding declared his opposition to Government ownership of railroads. Discussing economic problems he declared that, 'When competition — natural, fair, impelling competition — is suppressed whether by law, compact, or conspiracy, we halt the march of progress, silence the voice of inspiration, and paralyze the will for achievement,' thus indicating his confidence in individual effort as the secret of progress."

"Speaking of profiteering he asserted the Republican purpose to present unreasonable profits and to challenge profiteering with all the moral force and the legal powers of the Government." But he reminded the people of the country that law is not the sole corrective of our economic ills. Said he:

"Let us call to all the people for thrift and economy, for denial and sacrifice. It need be, for a nation-wide drive against extravagance and luxury, to a recommitment to simplicity of living, to that prudent and normal plan of life which is the health of the Republic."

"The Harding policy is one of giving the individual citizen the widest possible opportunity for accomplishment, with the encouragement rather than the interference of the Government, except so far as necessary to protect the rights of all against the selfishness of a few. He recognizes the fact that increased production must be the result of individual effort and not of governmental activity."

"In the platform on which the Democratic party came into power in 1913, there was a declaration in favor of the full exercise by the states of their reserve sovereign powers and denouncing the enlargement by indirectness of the powers of the Federal Government. But from the very day the Wilson administration began, there was constant endeavor to increase the powers of the Federal Government over every branch of industry and enterprise, until today scarcely any man in the United States engaged in any undertaking can feel free from the restraining and menacing hand of some Federal official agent. 'Let the Government do it' has been the Wilson policy, and Wilsonism has been endorsed by the Democratic National Convention in a platform upon which Mr. Cox declared he squarely stands. The perpetuation of Democratic policies through the election of Mr. Cox, will mean the continued extension of the policy of Federal interference with the jurisdiction of the states, and Federal limitation of individual enterprise and activity."

"It will be remembered that Mr. Cox has expressly declared his advocacy of Government ownership of all public utilities except agriculture. While it will be the effort of his campaign managers to ignore or depreciate this assertion of policy, yet it will be apparent to the voters of the country that such is the Cox conception of the proper prerogatives of the Government, and that, so far as it lies in his power, he will extend the authority of the Federal Government with its attendant increased cost of operation, decreased efficiency, and discouragement of individual enterprise. Mr. Cox would entangle in the endless mazes

of red tape almost every line of industry. Mr. Harding would set business free under a 'natural, fair, impelling competition' in order to encourage a joining of hand and brain in production, more production, honest production, patriotic production." The Cox program will be to let everybody else suit and let the Government do it."

"Drink It Down, Ma;  
It's Nothing  
But Sweet Wind,"

Sold the little country lad while lullabying his mother into the mysteries of the Soda Water Fountain—but you can rest assured that our Soda Waters are a little more than "sweet wind"—they're a delightful concoction of pure fruit juices and the best ice cream obtainable, blended by experts. The drink ideal for the tired business man, and the ladies, God bless 'em!

### MOTHERS INQUIRE FOR MISSING DAUGHTERS.

Ashland, Ky., Sept. 1. — Though the body of Lucy Marlow Horton of Winchester has been buried, anxious mothers, who have missing daughters, still inquire about her.

Twenty or more mothers visited the morgue where the body of the pretty girl, who took her own life, was kept for a week before it was identified through an anonymous letter.

Love affairs were blamed by the mothers for disappearance of many girls. Mothers came from four states to view the body.

### ALLIGATOR IN OHIO.

Sistersville, W. Va. — Bathers in the Ohio River can breathe a bit freer. There's one less alligator in it.

Boys swimming here killed an alligator three feet long. No one will express an opinion as to where it came from.

## MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Hughett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Hughett said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

"If suffering with symptoms such as Miss Hughett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years."

Try Cardui!

HIDE IN AUTOMOBILES

Although Mason and adjoining counties are filled with automobiles and it almost seems like the day of the horse and buggy has passed, those traveling East Second street today discovered that there are yet some country boys who take their ladies' riding on Sunday afternoon in buggies.

Mike Brown has just received a large shipment which is scattered up East Second street in front of the Princess Skating rink which is now used as a store house.

Buy in Maysville. It pays.

## STATE DIRECTOR OF PHYSICAL EDUCATION SPEAKS AT INSTITUTE

Mason County Teachers Get Pointers On Physical Education, a New Study That All Kentucky Schools Must Teach This Year.

(By Prof. R. Y. MAXEY.) Supt. Turnipseed opened the morning session with official announcements.

Instructor King then began his day's work with a very appropriate subject, "Clean-Up Day." In the course of his remarks Mr. King stated that every school house should be made as attractive and as nearly like a well kept house as possible, that it is the business of the teacher to inaugurate every movement that looks to the welfare of the community life.

In his talk under the head of "Recreation and Play" Mr. King asserted that it was the job of the teacher to bring together the poor and shabbily dressed and the well-dressed and cultured children in organized play.

Following a short intermission J. W. Carr, State Physical Director, made a most helpful talk, explaining and illustrating the course in physical education to be taught in the public schools of the state. This is one of the new and additional subjects prescribed by the 1920 legislature.

Instructor King discussed in forceful manner the new attendance law, showing how teachers can best bring about desired results.

Mr. King will deliver an address on "The New Citizenship" at the Third Street M. E. church this evening at 7:30.

Mr. Carson Taylor, of Louisville, will sing. No admission will be charged. The public cordially invited.

Tuesday afternoon Dr. Locke, former County Health Officer, was shaking hands with friends in the institute and following the few minutes recess made a highly appreciated talk.

Dr. Locke is now connected with the Kentucky Tuberculosis Association and is member of the State Board of Health.

### SONG WRITER KILLED BY AUTO.

New York. — The man who wrote "Everybody Loves His Father" is dead. His name is Samuel Lehman. He was run down by an automobile.

Prof. George J. Noel, principal of the Maysville High School, arrived here last night after spending the vacation months at Ohio State University taking graduate work.

Denver: For the fourth time in four weeks prisoners at the city jail here went on hunger strike against the bill of fare. And for the fourth time they won their strike.

Prices of Cincinnati evening newspapers went to 3 cents a copy today.

## COAL OPERATORS SUE TO TEST RULE OF COMMISSION

Kentucky Coal Operators Seek Relief From Alleged Coal Shortage—L. & N. Is Defendant.

Seventy-five coal operators in Eastern Kentucky, through their attorneys, Harris Coleman and N. R. Patterson, yesterday filed suit in the United States District Court at Covington asking relief from an alleged coal shortage, which, they say, is caused by the act of the L. & N. Railroad Company in complying with regulations made by the Interstate Commerce Commission.

Attaches of the United States Court in Covington said yesterday that they believe it is the first suit filed in the country to test the legality of the Esch-Cummins Act, passed by Congress on February 28, 1920.

In the petition the coal operators, headed by the Arcadia Coal Company, attack Paragraph 4 of Service Order No. 9, issued by the Interstate Commerce Commission on July 13, 1920. It is alleged that the order discriminates among the operators by giving priority to those operators who furnish coal to public utilities, such as schools, hospitals, heating and lighting plants and others.

According to the petition, there are 101 operators owning mines in Bell, Knox and Harlan counties, Kentucky, and only twenty-six of these are now being furnished with coal by the L. & N. Railroad Company because of alleged shipments to public utilities.

The remaining seventy-five claim to be unable to carry out their contracts because of this discrimination.

Service Order No. 12, issued by the Interstate Commerce Commission on August 10, and continuing the validity of Service Orders Nos. 7 and 9 for ninety days, from June 21, is also attacked. The operators declare that the emergency period for which these orders were issued is now passed and that their further continuance is illegal.

If the "unjust provisions" of these orders are not rescinded the operators say that many of them will be compelled to shut down their mines. According to Clerk Menzies of the United States District Court at Covington, the case will be heard before Judge A. M. J. Cochran and two other Federal Judges in Cincinnati at a date to be determined later.

Mary Pickford, the famous screen actress, is said to receive an average of 15,000 letters a week.
